Attention: Thomas Ferrara
Director Quality Management Systems

Dear Mr. Ferrara,

A Re-certification Audit in accordance with the requirements of ISO 9001:2000/AS9100: Rev.B was conducted July 24-25, 2006 at your facility located in Westfield, MA and August 9-10, 2006 at your facility located in Scotland UK.

In conjunction with the ISO/AS Re-certification Audit, your quality system was also reviewed against the FAA Advisory Circular AC 00-56A dated 06-13-02

The results of the audit verified compliance of your quality system to ISO 9001:2000/AS 9100:Rev. B and FAA AC-00-56A [06-13-02].

The Re-Certification Audit Report is in your possession as is the Certificate of Registration, issued by TUV USA. The certification expires August 2009.

This letter certifies your quality system is in compliance with the FAA Advisory Circular AC 00-56A dated 06-13-02.

If you have any questions or need additional information, please contact my Florence MA office.

Sincerely,
William R. Dupre
